Education

KIET Group of Institutions, Delhi NCR

Bachelor of Technology in Computer Science and Engineering

July 2027

CGPA 8.04

Shri Ram Public School, Basti

Senior Secondary

April 2022

Percentage 88.5

Shri Ram Public School, Basti

Secondary

April 2020

Percentage 80.6

Projects

AnonSphere | *Individual Project* | *React, Express.js, Bcrypt.js, MongoDB, Socket.io*

Dec 2025 – Feb 2026

- Developed a secure, anonymous real-time chat application using the MERN stack and Socket.io.
- Implemented client-side SHA-256 hashing and bcrypt-based authentication for private rooms.
- Secured communications via AES-256 encryption and utilized MongoDB TTL indexes for automated data expiration

Quick Show | *Individual Project* | *React, Node.js, MongoDB, Clerk Auth*

April 2025 – Ongoing

- Built a full-stack movie booking platform with real-time seat selection and dynamic showtimes.
- Integrated Clerk authentication for secure login and personalized dashboards.
- Engineered a responsive, mobile-first UI utilizing React and Tailwind CSS.
- Designed backend APIs with Express and MongoDB for efficient booking management.

ZeroTrace | *Group Project* | *C++, Linux, Solidity, Ethereum, IPFS*

Nov 2025 – Ongoing

- Developed a bootable, OS-independent disk sanitization tool compliant with NIST SP 800-88 standards.
- Implemented firmware-level erase (ATA Secure Erase, NVMe Format) and multi-pass overwrite for permanent data destruction.
- Built a blockchain-based Certificate of Destruction system with verification hashes anchored on Ethereum.

Technical Skills

Programming Languages: C, C#, C++, Python, Java

Front-End: HTML, CSS, JavaScript

Game/AR Development: Unity, Vuforia, Blender

Frameworks: React, MongoDB, Node.js, Tailwind CSS

Tools: Figma, Google Firebase, GitHub, Supabase

Relevant Coursework

- Introduction to MongoDB
- Started With DevOps
- Unix And Linux Fundamentals

Achievements

- **Winner** – Innotech Fest (Department Level) , KIET Group of Institutions
- **Winner** – Smart India Hackathon (SIH) 2025 (Institute Level)

Leadership Roles

Event Lead

May 2025 – Sep 2025

Club CyberSecureX

- Led a 20-member team to successfully organize Capture the Flag (CTF) competitions and CyberConclave, attracting over 150 participants.
- Planned and coordinated events, improving participant engagement and ensuring seamless execution.

Tech Lead

May 2025 – Present

Club Technocrats

- Mentored 15+ members in technical skills and collaborative software development, increasing team project completion rate by 40%.
- Mentored 10+ junior members, improving their practical understanding of AR-VR technologies and project collaboration
